

CBSE Class 06 English
NCERT Solutions
A Pact With The Sun Chapter 07
The Wonder Called Sleep

1. What is the most obvious advantage of sleep?

Ans: The most obvious advantage of sleep is, that it gives our tired body the rest it needs. It helps our body and brain to recover from fatigue caused by the day's activities. After a good sleep and the rest that it gives, we become alert and active again and ready for the normal activities of the day.

2. What happens to our body when we sleep?

Ans: Several things happen to our body when we sleep. Our muscles relax when we are in deep sleep. Our heartbeat slows down, body temperature and blood pressure also become normal. Our ever-active brain gets some rest. Our body is able to recover from fatigue caused by the day's activities.

3. Define a dream in your own words.

Ans: A dream is an activity of the mind that happens when we are asleep. It can also be defined as a series of thoughts, emotions and images that take place in a person's mind during sleep or whatever we go through during the day gets recorded in our mind and replays when we are asleep, which we call a dream.

4. Why are dreams important? Mention two reasons.

Ans: Dreams are important for various reasons. One is that dream can help us to sleep through noise or other disturbances. Secondly, dreams often reveal a great deal about one's personality and its associated problem. If understood correctly, they can provide a key to the solution of those problems.

5. Why has sleep been called a wonder?

Ans: Sleep has been called a wonder because although we still do not know what exactly causes sleep but still we do know enough about what benefits we receive after having a good sleep. Sleep after all helps both our body and brain recover from fatigue caused by the day's activities. It is a sort of escape from the reality of life.

6. Describe briefly to the class an improbable dream you have had.

Ans: This question requires you to use your own perspective as well as your analytical skills. The answer to the question would vary from one person to another. It is suggested that you read the text carefully and try attempting it on your own.
